DETAILED ACTION

Allowable Subject Matter

1. Claims 1-12 are allowed. The following is an examiner's statement of reasons for allowance:

With regard to claims 1, 6, 11 and 12, the prior art does not teach or fairly suggest a second table for registering said source internet protocol address and said source media access control address included in each of the other address notification and another reply transmitted through said simplex basic local area network, a first failure detecting portion for detecting link failure between said active controller and one of said hubs to which said active controller is directly connected, a changing portion a for changing said active controller between said first local area network controller and said second local area network controller and for rewriting said operation information registered in said first table so that said operating controller indicated by said operation information is changed from one to the other of said first and said second local area network controllers when said failure detecting portion detects said link failure and a rewriting portion for rewriting said second table about only said source media access control address in response to another changing notification transmitted through said simplex basic local area network.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Andrew W Wahba whose telephone number is (571) 272-3081. The examiner can normally be reached on M-F 8:30-5:30.
